Hoxie Democrat:-"Ira Jennings, one of Sheridan county's old settlers, but now of Thomas county, was in the city last Monday shaking hands with the old boys and getting acquainted with the new comers. He reports stock as doing well and prices going up."

Miss Lucy Dill, who has been clerking in the post office has severed her connection there and has resumed her business of cressmaking. Miss Dill is an experperienced and expert dressmaker, already well and favorably known to the ladies of the community. Her place of business will be just south of J. B. Morrison & Sons' where she will be pleased to meet her former customers and many new ones.

Hoxie Democrat.-The Abilene Gazette has been re-organized and moved to Salina where it is issued under the title Salina where it is issued under the title of the Salina Daily Gazette under the management of our old friend Rohrer. It is the paper we people on the L. & C. R. R. will patronize as we can get it on the same day it is published. We would suggest that the country between Colby and Salina be worked by some good subscription agent and that we all subscribe in order to help make it the best paper. in order to help make it the best paper published in the west.

This industry will give our farmers a home market at remunerative prices for cane, a product the crop of which has never failed in this country. farmers, merchants and all other citizens are interested in this matter, and should attend the meeting.

#### DRESSMAKING.

Miss Lucy Dill has reopened a dress-making establishment in the building just south of J. B. Morrison & Sons' store. Patronage of ladies is solicited, and artistic work guaranteed.

MR. EDITOR:--We are heartily in accord with your views in regard to our interest in a representation in the State Parmers Association. Thomas county should not be behind in this respect if the sister counties are.

As to vot ng "bonds" for a sugar plant. I think that everything should be done that can be done in reason in all parts of western Kansas, especially, to encourage sorghum culture and its manufacture into sugar. And I can see many arguments in favor of bonding for it. Sorahum is the one product of our soi upon which there can be no discount.

We would like to hear from others. amor Yours for progress, W. A. PRATT.

It is hard to make any special personal mention as all did so well, but we will say that Harry Weaver, as the lightning artist, proved himself to be at the top of the ladder in his profession. His work was perfect and was done in a lightning manner. Too much praise cannot be given him and the company should be proud to have such a member. The piano duet by Mrs. I have picked out 50 men's suits worth \$1. J. J. McCullough and Mr. C. E. Adolph. \$12 to \$18 to go at \$10 each. Shimp. was fine. Messrs. Timberlake, Hovey was fine. Messrs.
